

# 八限目 「武良の疑問」

Mura's doubt

well,  
yesterday's  
welcoming  
was one of  
the worst  
ones.  
however,

this is  
all  
because of our  
teachers

especially

we were  
able to  
go through  
it without  
producing  
any deaths  
or missing  
persons

everyone,  
a standing  
ovation

thanks to  
Fukushima  
Mitsuko  
sensei's  
partici-  
pation

it was already  
in plan to be  
rebuilt some-  
day so there  
are no  
particular  
problems

although  
the old  
school  
house was  
burned  
down

... somehow  
I feel like I'm  
sinking deeper  
into the swamp  
and it's getting  
harder and harder  
to get out...

oh no  
really  
hahaha  
very ho

ah... that's  
why yakuza  
vice-principles-  
san is in high  
spirits

result  
wise,  
it was  
great

since we had  
a fire insurance  
on the building,  
this incident  
enabled us to  
be able to  
withdraw quite  
a sum of  
money, so

for it's preparation,  
we will be  
having you all  
present an  
orientation for  
the students

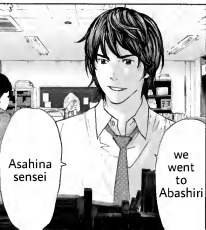

field  
trip  
?

however  
it'll be  
one thing  
after the  
other

in February  
the second  
years have  
the field trip  
of hell  
awaiting  
them

Asahina  
sensei

we  
went  
to  
Abashiri

yes, it's  
for the  
class  
friendship

School  
council

where  
did you  
all go  
last  
year?

when I  
actually  
went there,  
there were  
many  
highlighting  
places to  
sight see

it's also  
famous  
for the  
movie  
"A Man  
From  
Abashiri  
Prison"

image

eh  
?

Abashiri,  
the place  
where they  
have the  
Hokkaido's  
famous  
prison?

sign Abashiri Prison

even the students  
who act freely and  
cause trouble all  
the time came out  
quiet and depressed  
after looking  
through there

especially  
that  
museum  
Abashiri  
prison  
was really  
touching

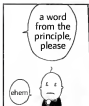

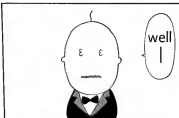

which is  
famous  
for its mine  
with  
tremendous  
labor  
practices

by the way  
we will be  
having this  
year's field  
trip at  
Sadoga-  
shima,

well  
that  
is the  
aim of  
these  
field  
trips

I feel that I won't be of any use

w... well

DECE

since we will be using bladed items I would like for you to be there with them and look over their work...

first period will be my biology class and today we will be amputating a frog

there was a student who had gotten pinned down on the dissection table with scalpels stabbed through their hands

huh ?

by the way the culprit was Kamiya Akira

just that the victim was so scared he said it was an accident and the truth never told

so I want  
you to be  
there so  
your  
presence  
can convert  
them into  
believing

every time  
we do a  
distraction  
class,  
something  
happens  
that causes  
not just frog  
blood but also  
human blood  
to flow

slam

ah...w-  
wait  
that's  
too  
one-  
sided

I am  
in  
your  
care

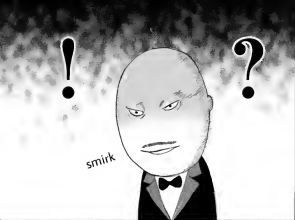

to be  
practicing  
slams  
from the  
morning,  
as one would  
expect!

**HAAAAAA ~~~~~ !!**

she is  
so  
fired  
up

roll bang roll roll bang roll roll

looks like  
she's hiding a  
specialty  
police baton  
out of  
caution  
in her skirt,  
but

ahh! when I  
imagine hell  
like that  
somehow I  
get excited

I'll  
definitely  
make you  
return to  
the other  
world

ku  
ku  
ku

**RO-  
GER  
!**

**YES  
!**

according  
to the rumors,  
when the  
burning  
school house  
was about to  
collapse  
completely

even that  
crazy-head  
Getsuto...  
what in  
the world  
happened?

then ran  
her fatass  
butt off into  
the house

*splash*

she  
poured  
water on  
herself

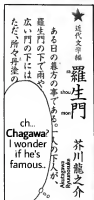

to save  
Getsuto  
who was  
smoking  
while  
trapped in  
the building

nobe mon= gate  
 note: 芥川=chagawa  
 芥川=akutagawa  
 Mitsuko is misreading Akutagawa as Chagawa

生  
jou

connect  
them

and the  
next  
character  
has the  
'jou' from  
Oujouka,  
so... jou?

羅  
shi

since you  
can read  
both four  
and  
thread  
as 'shi',  
this  
character  
must be  
read as  
'shi', too

s... so it  
was in  
Kyoto...  
that was  
dangerous

sensei is  
having a  
lapse of  
memory  
for a bit  
hohoho  
very ho

t-t-t-that's  
right  
hoho  
ho

no, it IS in  
Kyoto but  
I'm sure  
it wasn't  
Shijouchji

are you  
really  
a teacher  
?

**BIRD [HAWK] END**  
Mura's doubt
